15444—J. O. Crumley vs. Jno. T. Sine.

15445—D. S. Carnahan vs. W. B. Kistler et al.

15446—G. C. Kent vs. James D. Lee et al.

15447—The Corsicana National Bank vs. G. B. Chambers.

TWELFTH WEEK.
Monday, June 17.

15448—The State of Texas vs.

Nationalists Surprised And Killed 400 Men

CHEFOO, Shantung, China, April 6.—Troops of Liu Chen-Nien, nationalist commander in this province, killed 400 soldiers of Marshal Chang Tsung Chang, former warlord, today in a battle at Ninghai-chow, which Chang is besieging.

Liu professed to Chang through intermediaries that a large number of civilians within the walled city wished to escape; by arrangement with Chang the gates were opened and the civilians came out this morning.

They were accompanied however, by a large number of soldiers without uniforms. The nationalists fell on Chang's troops, completely surprising them.

COURTHOUSE NEWS.

District Court.
The transcript in the case of the State of Texas vs. V. Ray Adams, transferred from Judge Chas. Phippen's criminal district court of Dallas county to the Thirtieth Judicial district court of Navarro county, presided over by Hawkins Scarborough, district judge, was received here Saturday morning.

Adams was tried in Dallas in connection with the fatal shooting of Brville Mathews, Dallas bank employee, in connection with the outcome of the Mayfield-Connally senatorial election, Sept. 1.

Adams was indicted for the murder in Dallas and the change of venue to Navarro county was made due to the unusual amount of publicity given the case on its trial at Dallas recently.

Adams, a rancher of Bartlett, Texas, made bond Monday in Dallas in the sum of \$15,000, returnable here Monday morning. It is expected that attorneys for both the state and defense will be heard Monday for a conference with Judge Scarborough with reference to the setting of the case. The criminal portion of the April term of court does not commence until May 6 and the trial will probably be set down for trial soon after the criminal portion of the docket is taken up. H. B. Davis, county attorney of Navarro county, has announced that minor cases set for the April term will be continued and passed in order that the Adams case can be tried.

The mandate in the case of Frank Cates from the court of criminal appeals, reversing and remanding the case, was received in the district court Saturday morning. Cates was tried here last year and given one year in the penitentiary for the alleged transportation of liquor. In the mandate and opinion of the court, an error was committed in the trial of the case when District Judge Scarborough refused a continuance and motion for a new trial due to the absence of a certain witness in the case. No date has been set for the re-trial of Cates.

District Clerk's Office.
Sarah DeWalt et al. vs. H. B. Orr et al., divorce.
Hubbard Skinner vs. Francis Skinner, divorce.
Lee Ernest Jackson vs. Nettie Lee Jackson, divorce.

Mrs. Mary E. Crum.
15397—The State of Texas vs. Ralph L. Moore.

NAVARRO COUNTY HOME DEMONSTRATION COUNCIL IN SESSION

The Navarro county home demonstration council met at the Chamber of Commerce headquarters Saturday afternoon at 2 o'clock with representatives of Blue Ridge, Zion's Rest, Bryan, Tupelo, Montfort and Lone Cedar present. Plans for a vegetable short course to be held April 24, at 2 o'clock were made. Augusta Harris of Dallas will conduct a vegetable demonstration.

Hostesses for the vegetable short course will be Mrs. Harold Johnson of Blue Ridge; Mrs. A. L. Bryan, Bryan; Mrs. E. A. Keller, Zion's Rest; Mrs. Mattie Gatlin, Tupelo; Mrs. Leona Medaris, Montfort; Mrs. George Green, Lone Cedar.

It is planned to order ten poultry calendars from Texas A. and M. college extension department. It was also decided to pay the club scholarship by each club to the Home Demonstration Scholarship association.

The proposed sending of a representative to the C. I. A. short course, May 9, at Denton was discussed, but nothing definite was decided.

An outline of plans were made for the county program until short course, which is as follows:

1. Garden work. All club members to raise 25 spring vegetables with three new ones. 10 fall vegetables.

2. Garden contest—

a. Club contest. All members if possible to enter and exhibit ten vegetables at show.

b. Individual exhibit. Goal: winning exhibit to display fifty varieties.

The prizes to be given for these contests are to be \$1000 for first prize to be used for A. and M. short course trips.

The vegetable show is to be held in Corsicana on a date to be set later by the council, either early in July or late in June.

The May council meeting is to be held on Thursday, 25th in April. A vegetable demonstration and a lecture demonstration on grading vegetables will be given by the man who will grade the vegetables at the garden show. The council is going to give the club that has the best attendance an enamel double boiler. The club winning will draw before leaving for the utensil.

WORKERS MEETING OF BAPTIST BODY BE HELD PURSLEY

Following is the program of the workers meeting of the Navarro County Baptists, to be held with Pursley Baptist church, beginning Friday, April 12th, at 10 a. m.

Committee.
R. L. RUTHERFORD,
BOB CLEMONS.

Fort Worth Man Charged in Murder After Auto Crash

FORT WORTH, April 8.—C. W. Haggwood was charged today with murder in connection with the death of Larry Sharrard, Dallas, fatally injured when his motorcycle was struck by an automobile near here last night.

Haggwood, assistant manager of the National Life and Accident Insurance Company, also was charged with driving while intoxicated and with failure to stop and render aid. S. B. Hawes, Fort Worth, a companion in the automobile, was charged with failure to stop and render aid.

We Are Headquarters For ALADDIN Mantle Lamp Supply Parts.—CUNNINGHAM BROS., 216 North Beaton St., Corsicana.

I. H. Farmer of Corbett was in the city on business Monday afternoon.

MAY FILE SUIT TO FORCE REDUCTION OF TOLL BRIDGE FEES ACROSS THE RED RIVER

SHERMAN, April 5.—(AP)—A suit will be filed, if necessary in an effort to force a reduction in tolls charged on bridges across the Red river from Texas to Oklahoma, officials of the two states indicated as they met in a "war council" here today to consider the problem.

The war department after a hearing several months ago ordered the Red River bridge company, which operates a toll bridge across the boundary stream, to reduce its charges, but the bridge company obtained a restraining injunction and retained its toll schedule.

Highway department officials and members of the attorney general's staffs of Texas and Oklahoma attended today's meeting.

Representative J. J. Loy, Denton, author of the Texas free bridge bill, was invited to attend the meeting.

The bridge affected by the hearing connects Denton, Texas, and Durant, Okla.

Denton and Dallas representatives of the bridge company yesterday said they were not invited to attend.

FOUR NEW WOMEN'S HOME DEMONSTRATION CLUBS ARE FORMED

Four new women home demonstration clubs were organized in Navarro county during the past few weeks, according to Miss Matilda Wilcox, Navarro county secretary.

The new clubs are Rural Shade, Winkler, Jones Ranch and Griffin.

The officers of the clubs are: Rural Shade—Mrs. J. D. Bruner, president; Mrs. G. C. Stephens, vice-president; Mrs. Johnnie Quinn, secretary.

Winkler—Mrs. W. D. Anderson, president; Mrs. E. V. Bigham, vice-president; Mrs. W. B. Allen, secretary.

Jones Ranch—Mrs. Clyde Tullos, president; Mrs. Otis Hill, vice-president; Mrs. B. K. Wooley, secretary; Miss Fannie Ruth Plumage, assistant secretary.

Griffin—Mrs. John Burrass, president; Mrs. S. A. Renfro, vice-president; Mrs. Ruben Davis, secretary.

FUNERAL SERVICES FOR GEORGE BERRY ARE HELD SATURDAY

Funeral services for George Berry, 35, former moving contractor of Corsicana, who died at Wink, Texas, Wednesday, after noon at 4 o'clock, were held from the residence of his sister, Mrs. J. L. Barnes, 114 Rob avenue, Saturday afternoon at 2:30 o'clock with burial in Oakwood cemetery. The services were conducted by Rev. Burgess of Lufkin.

The body arrived in Corsicana on the early morning Southern Pacific passenger train.

Surviving the wife, three children, mother, Mrs. Jennie Berry, Corsicana; two brothers, Lawrence and Vaden Berry, both of Wink; one half-brother, Mel Black, Alto; three sisters, Mrs. J. L. Barnes, Corsicana; Mrs. Ed Cain, Corsicana; Mrs. Hal Smoot, Big Spring.

Pallbearers were Tom Hughes, L. S. Lee, J. E. Lee, E. M. Snyder, Earl Cain, J. L. Barnes. All of the pallbearers are brothers-in-law of Mr. Berry with the exception of Tom Hughes.

The funeral was directed by Sutherland Funeral Home.

Pipe and Fittings All sizes, black and galvanized. Prices right. OIL CITY IRON WORKS.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults. White's Cream Vermifuge, which you can get at Lee Drug Company.

BROWNWOOD MAYOR SENTENCED TO TWO YEARS FOR ASSAULT

BROWNWOOD, April 6.—(AP)—Mayor Palmer C. McInnis, Brownwood, was found guilty of assault with intent to murder Clyde Maner, automobile salesman, and given two years in the penitentiary here today. The jury had the case 13 hours.

McInnis entered a plea of not guilty, and submitted evidence tending to show he shot Maner in self defense.

Defense counsel said a new trial would be asked, and if it was refused, an appeal would be taken.

Maner claimed he was attacked on the Brownwood-Corpus Christi road Nov. 11, 1928, and shot through both legs.

DAWSON

DAWSON, April 6.—(AP)—Mrs. W. Y. Cannon visited Mr. and Mrs. J. P. McLelland in Thornton.

Mrs. C. F. Hearn and son, Paul, spent Sunday in the city with friends.

Misses Carrie Berry, Lois Rhey, and Clyde Sawyer, who are attending school at Waxahachie, spent last week-end here with her folks.

Miss Ruth Simpson, who is attending T. W. C. in Fort Worth, visited her parents, Mr. and Mrs. F. H. Simpson, from Thursday to Tuesday.

Mrs. J. M. Sowell, Mrs. Jess Dickson, Mrs. Jim Davis and children and Mrs. J. O. Harrison visited Mr. and Mrs. J. S. Shaw in Italy Sunday.

Mr. and Mrs. J. H. Reynolds were Mr. Calm visitors Sunday.

Miss Prentice Edwards, who is teaching at Little River, spent last week-end here with her parents, Mr. and Mrs. L. W. Edwards.

Mr. and Mrs. Ray Vance of Houston came in Sunday for a visit with Mr. Vance's parents, Mr. and Mrs. J. D. Vance.

Miss Mildred Akers, who is attending school at T. C. U. in Fort Worth, spent last week-end here with home folks. She was accompanied by Miss Mary Mitchell, of Okmulgee, Okla., a school mate of Miss Mildred.

Miss Mary Ellen Henson of Okmulgee, Okla., spent from Friday to Tuesday here with Mr. and Mrs. C. M. Lowmire.

WANT TOES INSURED. CONSTANTINOPLE, April 8.—

Wood turners of Stamboul who operate lathe and chisel with bare feet outside the bazaars wish the government to insure their toes, \$50 for the big one and the next, and \$150 for the others.

WIRE

We can fill any size order for any kind of wire and give you the very lowest price, no matter how large or small your order may be or for what kind of wire. We have the largest stock of wire ever assembled at any one place in Corsicana, the very best grade of wire and the lowest prices.

CORSICANA, TEX., APRIL 5, 1923.

LITTLE CRIME HERE.

With the newspapers each day carrying reports of big crimes and little crimes, ranging from petty thefts to gang wars, bank robberies and murders of the most revolting nature the absence of law violations of any great magnitude in Corsicana and Navarro county should cause the citizenship to view the record with considerable pride.

Judge Hawkins Scarborough in charging the new grand jury pointed out that excellent conditions now prevailing in Navarro county and that there is evidence of less crime here at the present than at any time during his term on the bench.

A condition like this is not just a happen so. Efficient, honest and sincere enforcement officers is the answer. In both the city and county we have officials in charge of the law enforcement machinery who do not hesitate to do their duty and are ever alert in their efforts to keep law violations at a minimum. Our officials are of the highest type of citizenship, with a strong sense of duty and their honest efforts to reduce crime in Corsicana and Navarro county have brought results.

The grand jury, prior to the body now in session, in its final report, paid high compliment to the enforcement officers of both the city and county and especially commended the spirit of co-operation shown between the city and county officials.

However, to enforce the law to the letter, the citizenship as a whole must co-operate with the officers. The people of the community should not lose sight of the fact that they have a duty to perform in connection with law enforcement as well as have the city and county officers.

THE SOLDIER DEAD.

The Corsicana Lions Club is very anxious to secure a complete and authentic list of the Navarro county soldiers losing their lives in the World War. At an early date the Lions Club will erect an appropriate Soldier's Memorial and the name of every soldier making the supreme sacrifice during the great conflict will be engraved on a bronze tablet which is to be inset in a giant Texas boulder. Should there be any person knowing the name of a soldier losing his life in the war which has not heretofore been published, they are requested to get in touch with some member of the Lions Club committee or the Daily Sun office.

The proposed memorial met with instant public approval and endorsements of the project and subscriptions to the fund for its completion are being received daily. No campaign or drive for funds will be made. All subscriptions are voluntary. The Lions Club when it launched the project felt the people of the city and county would like to have a part in its erection. That feeling prompted the opening the subscriptions to the public.

The funds are being received at the Daily Sun office and the names of those making subscriptions are acknowledged each day in the paper. The memorial will be completed at an early date.

Corsicana's airport will be formally opened April 27-28. Thousands of people will be attracted to the city for the occasion. Make your plans accordingly. You can't afford to miss it.

Another way to become cheerful is to visit the country and observe the acres and acres of grass you won't have to mow.

ELUSIVE SATURATION POINT.

Like the prankish shepherd who cried "wolf!" so often that when a wolf did finally attack his flock no one came to his assistance, those who have been pronouncing the saturation point in the domestic motor car market reached have sounded the alarm so often, and nothing has come of it, that when it is finally reached no one will believe it.

But will it ever be reached? Only a few years ago it was predicted that when the number of motor cars in operation in the United States should equal the number of families the industry would have reached its domestic saturation point. If the prophets had been correct, automobile production would have measurably slowed down in 1927, in which year the distribution of motor cars reached the stage where there was one car for every five inhabitants.

There was no slowing down in 1927. The next year new production records were attained, and production records for January, February and March show an increase in production this year of 40 per cent over last year.

American motor car factories are turning out more and more cars to satisfy the demands of persons buying their first cars, of persons replacing old cars and of persons who are finding the need and the means for two or more automobiles. Considering these domestic conditions and the fact that the growing automobile export business has hardly scratched the surface of future possibilities, this phenomenally progressive industry can safely expand.

YOUTH IS NOT SO BAD.

Sensational reports of juvenile crime have been so loud and prolonged that the public has developed a kind of blind belief in the increasing wickedness of the younger generation. Hence it is with a feeling of shock that one reads a government bulletin on delinquency among the young which indicates a drop in juvenile misconduct.

With blazing stories of 18-year-old bandits filling prominent positions in the news it seems impossible that the official report can be accurate. Yet a survey carefully covering the larger cities reveals a decrease in the delinquency rate. It is easy to prophesy ruin for all the youngsters in the United States because a few with inflated imaginations and distorted notions of their relations to the world are spectacularly criminal. Often it has been observed that the young people whose parents are infected with the jazz spirit of the age are themselves a serious, quiet aggregation. Rather naturally the parents find themselves thinking of the children as more gay and naughty than their elders. But now the boys and girls have governmental evidence of improvement of their behavior.

Those who know the Boy Scout movement and its products in flesh and blood will cite as further evidence of the soundness of modern youth the fact that 489,108 merit badges were awarded Boy Scouts last year. The weight of the evidence is in favor of youth and its good name.

HARMONY.

Neither the veto or the signing of the anti-bolter bill would have brought harmony within the ranks of the democratic party. The greatest "harmony" producer for the party we can think of will be a good, strong dose of democratic ballots at the polls next year. Rid the party of the bolters by ballots every time one bobs up seeking a democratic office and the thing is done.

Arrested for speeding, a Missouri man arrived home too late to prevent his wife from eloping with another man. Maybe the traffic officer did him a favor. Anyway the judge dismissed the speeding charge.

Who's winning the war in Mexico? Well that depends from which camp the message is sent.

KNOW TEXAS.

In 1928 Texas produced and marketed 2,830,000 quarts of strawberries valued at \$566,000, 91,900 tons of cabbage valued at \$1,760,000, 5,000,000 bushels of spinach valued at \$2,250,000.

It is estimated that 5,000,000 persons residing in other American states and in foreign countries are dependent largely upon the products from Texas cotton fields for their livelihood.

The total poll tax in Texas for 1928 was \$1,737,616. Brewster is the largest county in Texas, its area being 3,798,400 acres which is equivalent to 5,935 square miles. Rockwall is the smallest county in Texas having 95,360 acres, or 147 square miles.

In 1927 the domestic exports from Texas amounted to \$647,000,000.

In 1914 life insurance in force amounted to \$341,000,000. In 1926 it amounted to \$2,000,000,000.

The 1920 census showed that during the preceding decade Dallas had increased 72.6 per cent in population, Houston 76.2, and San Antonio 67 per cent, with Fort Worth a 45.2 per cent.

JUNIOR COLLEGE.

Now that the junior college bill has become a law it is indicated the Corsicana and Navarro county citizens interested in the establishing of such a school here will lose no time in presenting the project to the voters of the county. Corsicans were instrumental in the passage of this bill the major credit going to Ernest Cox, A. N. Justiss and A. A. Allison. They worked untiringly in behalf of the measure and are to be congratulated upon their success.

CONTROL.

Arthur Brisbane observes in his column in the Fort Worth Star-Telegram that "Mussolini attacks birth control forbidding its practice. He wants more Italians. Yet France with low birth rate does well. Some try for quality, some for quantity." Why not try for both quality and quantity. You know this is the age of mass production. The automobile manufacturer works on the principle the more cars produced the lower the price and the better the product.

ROADS.

Judge Nash seems to be getting some action in connection with Navarro county's heretofore slow moving road-building program. The county judge never misses an opportunity to speak his sentiments in language easily understood by all when he discusses road building. The attitude taken by Judge Nash indicates he intends to eliminate the lost motion and delay which will result in the road building being carried out as it should be.

The time of the Sweet Girl Graduate and the June Bride is again with us. Which reminds us that the vacation season is also approaching rapidly. In fact Spring is here with summer closely crowding on her heels. And just about the time you get the spring bonnet paid for the fall headgear will make its appearance unexpectedly on a bill. Which will jog our memory to the fact that Christmas is coming. But why go on? It's the same way every year.

According to the press reports a California man bet he could drink ten gallons of wine. With only one glass remaining of the starting ten he dropped dead from acute alcoholism. A widow and five children survive. And we were under the impression it was against the law to manufacture that stuff.

Now that the little angel in our home has broken her fast easter egg and disposed of the contents she can give her undivided attention to smearing up the place with her mud pie operations. Which we might add is just as interesting as squashing eggs and a little more mushy.

And yet the etiquette book doesn't forbid stopping the car at the front of the house and honking for her.

Bradstreet's Review of Future Business Outlook Is Cheerful For Next Quarter

NEW YORK, April 5.—Bradstreet's said today: With fuller realization of the very large business done in the first three months of the year, there is an evident tendency to take rather cheerful views of the possible uncertainties facing trade and industry in the second quarter. For one thing, the current volume of final distribution compares exceedingly well with that done in the like period of last and preceding years. In most industries, too, the March and first quarter's outputs set up new high records for those periods, and the recessions visible in a few lines do not seem to be regarded as seriously as in other years. That the net results have been, on the whole, satisfactory seems borne out by the smaller number of failures and the lessened liabilities reported for March and the three months' period by Bradstreet's.

Weekly bank clearings \$13,771,420,000 a decrease of 1.1 per cent from a year ago.

LOCAL ATTORNEYS ON BOTH SIDES OF TRANSFERRED ACTION

Local attorneys will be on both the state and defense corps of law when the trial of V. Ray Adams, Bartlett farmer, for the fatal shooting of Gracie Matthews, Dallas banker, in Dallas, Sept. 1, over the alleged wrongful payment of a bet on the outcome of the Connally-Mayfield senatorial race with the announcement that H. B. Davis, county attorney, and Cleo G. Miller, assistant county attorney, will be on the prosecution side of the trial and the firm of Lovett & Lovett composed of T. T. and Norris W. Lovett to be identified with the defense.

A picture of County Attorney H. B. Davis appeared in Friday's issue of the Dallas Morning News along with other state counsel. Judge Davis stated that minor cases set for trial in the thirteenth judicial district court, presided over by Hawkins Scarborough, district judge, would be continued and passed so as not to interfere with the trial of Adams. The case was transferred to Judge Scarborough's court last week on a change of venue due to the great amount of publicity given the case on its previous trial in Dallas before Judge Chas. Pippen. The jury was unable to reach an agreement according to an announcement here Friday, there were nine jurors for acquittal, two for a suspended sentence and one for conviction.

Judge Davis stated that little difficulty was expected to be encountered in the securing of a jury in Navarro county as the case did not receive much publicity in Navarro county during its recent trial in Dallas.

State attorneys in the case are William McCraw, district attorney of Dallas county; Bill Curtis and Bob Hurt, assistant district attorneys, Dallas; E. B. Allen, private prosecutor, Dallas; H. B. Davis, county attorney, Navarro county; Cleo G. Miller, assistant county attorney, Navarro county.

The defense will be conducted by Ted Monroe and Maury Hughes, both of Dallas, and Lovett and Lovett, Corsicana. Adams was released on bond in the sum of \$15,000 Monday when the case was transferred to Corsicana. The bond was returnable to the thirteenth judicial district court.

PIONEER RESIDENT OF CHATFIELD BURIED THERE LAST SATURDAY

RICE, April 5.—Mrs. Nellie Edwards McCants, aged 85 years, native of Georgia and resident of Navarro county 55 years, died at her home near Chatfield, Friday, March 29, following an illness of several months and funeral services were held at Chatfield Saturday afternoon at 2:30 o'clock with burial in the old Chatfield cemetery.

Mrs. McCants had been a member of the Methodist church for 71 years. In 1872 the family came to Texas and resided near Weatherford for two years prior to moving to the Rice and Chatfield communities.

Surviving are four sons, Walter C. McCants, Chatfield; Oscar McCants, Chatfield; G. E. McCants, Dallas; S. Ashbury, Dallas, four daughters, Mrs. H. L. Hervey, Corsicana; Mrs. George Meredith, Mrs. Earl Easterling and Miss Nellie McCants, all of Chatfield; 11 grandchildren and three great-grandchildren.

here Monday, April 8. It is expected that the lawyers in the case will confer here Monday with District Judge Scarborough relative to the setting of the case for trial. The criminal portion of the docket of the district court will be taken up Monday, May 6, and the case will either be set for that date or shortly afterward, probably in May or June.

Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Lee Drug Company.

FORMER CORSICANA RESIDENT DIED IN WINK, WEDNESDAY

George Berry, aged 35 years, former resident of Corsicana, died in Wink, Texas, Wednesday afternoon at 4 o'clock and the body arrived in Corsicana Friday morning.

No funeral arrangements had been perfected Friday afternoon pending the arrival of relatives, but it is expected that interment will be made sometime Saturday.

Surviving are his wife, three children, mother, Mrs. Jennie Berry, Corsicana; two brothers, Lawrence and Vaden Berry, both of Wink; three sisters, Mrs. J. L. Barnes, Corsicana; Mrs. Earl Cain, Corsicana; Mrs. Hal Smoot, Big Springs; one half-brother, Mel Black, Alto, Texas.

The Sutherland Funeral Home will direct the funeral.

Hamilton Cemetery Has Been Cleaned

S. D. Ramsey stated Friday afternoon that the Hamilton cemetery had been completely cleaned off with hoes. He had a force of twenty hands working in there three days.

Mr. Ramsey gave his time free and he was assisted by the ladies of the Hamilton Cemetery association who helped to haul the hands to and from the cemetery.

All the grass and other debris will be burned next week, Mr. Ramsey said.

Corsicana Man Hurlled 50 Feet Slightly Hurt

STRAWN, April 5.—Although an automobile was hurled 50 feet and demolished when it was stuck at a crossing here today by a Texas & Pacific passenger train, the four men who occupied it received only minor injuries. They were Moody Connel, Paris, Texas; John H. Warner, Corsicana; and Gregorio Herrera and Felix Hurtado, Fort Worth. They received treatment here.

John H. Warner is listed as residing at 1206 East Tenth avenue in the latest Corsicana city directory.

Last of Three Fathers Bowed By Murder Dies

CHICAGO, April 5.—Nathan F. Leopold, Sr., last of three fathers bowed under the tragedy of the Bobby Franks kidnapping, is dead at the age of 69. A. H. Loeb, father of Richard Franks, died October 27, 1924. Jacob Franks, father of the slain Bobby, died April 19, 1928. All men were prominent in Chicago until Bobby Franks was killed by "Dickie" Loeb and Nathan F. Leopold, Jr. All lived in seclusion thereafter. Nathan F. Leopold, Sr., who died last night, had been ill for some time.

FORMER RESIDENT OF RICE DIES IN DESDEMONA HOME

RICE, April 5.—Mrs. J. O. Boucher, 61, of Desdemona, resident of Rice for more than 30 years, died Saturday and the body was brought to Rice where funeral services were held Sunday afternoon with burial in the Rice cemetery. Prior to moving to Desdemona two years ago, the family had resided here 34 years.

Surviving are her husband, four children, Carl Boucher, Olden, Texas; Delma Boucher, Abilene; Mrs. C. W. Andrews and Mrs. Edwin Gallemore, both of Desdemona; a number of grandchildren, and one sister, Mrs. J. W. Holland, Rice.

before you buy your next automobile learn why over 300,000 have already chosen the New Chevrolet Six

Since January first, over 300,000 people have chosen the Chevrolet Six. And every day sees an increase in this tremendous public acceptance—

—for the new Chevrolet not only brings the enjoyment of cylinder performance within the reach of everybody everywhere, but gives the Chevrolet buyer a greater dollar value than any other low-priced car. Just consider what you get in the Chevrolet Six! The smoothness, flexibility and power of a six-cylinder engine which delivers better than twenty miles to the gallon. The beauty and luxury of bodies by Fisher with adjustable driver's seat. The effortless control of big, quiet, non-locking 4-wheel brakes and ball bearing steering. The convenience of numerous modern features that progressive buyers are now demanding in the cars they buy.

Then consider Chevrolet prices! And you will discover that this fine quality Six can actually be bought in the price range of the four! Come in. Let us show you why hundreds of thousands have already chosen this remarkable automobile—let us prove that anyone who can afford any car can afford a Chevrolet Six!

HOUSTON, April 5.—(AP)—John Henry Kirby has decided not to make the race for the democratic nomination for governor in 1930.

"I am complimented by the type of men and women who have offered me their support," said Mr. Kirby, "but feel that, at my time of life, I should not consider standing for this great office."

Pledges and inquiries following the published intimations that he would be a candidate moved him to announce a definite decision on the matter, Mr. Kirby said.

BUCHAREST, Rumania, April 5. —(AP)—Twenty persons were killed and 51 injured when the Bucharest-Jassy express train was derailed last night near Buzev. Most of the bodies remained in the snow all night until relief trains arrived. Relief work was made difficult by a blizzard today. Such injuries as could be removed were taken to a hospital at Buzev. Most of the victims were business men and soldiers.

BODY OF MISSING NEWSGIRL IS FOUND IN INDIANA CREEK

TEN YEAR OLD TERRE HAUTE GIRL DISAPPEARED ON JANUARY 27

TERRE HAUTE, Ind., April 8.—A country school principal's search for wild flowers resulted yesterday in discovery of the body of Edith Mae Dierdorf, 10-year-old Terre Haute news girl who disappeared Jan. 27.

Lodged against a log in Busserson creek near Paxton, Ind., hands and feet were found together and a deep hole in the top of the head, the body was found by Nimrod Slaven, Pleasantville, Ind., school principal.

The body was too far out in the creek for Slaven to reach, but Deputy Sheriff H. H. Harvey, who he called to the scene, retrieved it. It was taken to Sullivan, where Mr. and Mrs. Fred Dierdorf, parents of the girl, identified it. Until yesterday but one clue to Edith's fate had been uncovered. That was the finding near Busserson creek of the girl's newspaper bag, blood clotted and with hairs adhering to the cloth.

Officers expressed belief the girl had been murdered and tossed from the bridge into the creek.

COURT HOUSE HAPPENINGS

District Court.

The following have been summoned as petit jurors for the third week of the April term of the thirteenth judicial district court for the week beginning Monday, April 15.

M. A. Johnson, Corsicana; Ben Meadows, Corsicana; D. P. Moore, Corsicana; J. B. Rainey, Corsicana; W. L. Bingham, Corsicana; Edgar Metcalf, Corsicana; E. F. Shotton, Corsicana; W. N. Shepard, Corsicana; Paul Moore, Corsicana; Ray Pressley, Corsicana; J. H. Atchison, Blooming Grove; E. L. Carroll, Blooming Grove; J. R. Corbin, Blooming Grove; C. E. Dill, Blooming Grove; E. M. Drane, Corsicana; Earl Albritton, Kerens; Kendrick Stewart, Kerens; J. E. Tyner, Kerens; A. B. Clark, Streetman; W. R. DuBose, Streetman; A. F. Tisdale, Streetman; L. W. Armstrong, Barry; Roy Farish, Barry; J. A. Harris, Barry; J. H. Stagg, Barry; R. I. Byers, Chaffield; J. C. Easterland, Chaffield; O. Fuller, Chaffield; M. R. Shipp, Chaffield; W. P. Thorp, Chaffield; J. W. Nokes, Corbett; W. B. Owens, Corsicana; M. R. A. Melville Pipkin vs. C. C. Pipkin, divorce granted.

Irene Granger vs. George F. Granger, divorce granted.

Carrie Lee McAdams vs. Jake McAdams, divorce granted.

Inda Carroll vs. Jim Carroll, divorce granted.

Mae Barnes vs. Estle V. Barnes, divorce granted.

Elizabeth Thomas vs. E. E. Thomas, divorce granted.

T. Ellis Polk vs. Johnny Polk, divorce granted.

Maud Durr vs. Louise Durr, divorce granted.

Lucile Simmons vs. Doc Simmons, divorce granted.

Hawkins Scarborough, judge of the Thirteenth Judicial district court, started Monday morning that the attorneys for both the state and defense in the V. Ray Adams case, transferred here from Dallas on change of venue, would likely be in Corsicana within a few days for a conference with reference to the setting of the case for trial during the term.

Judge Scarborough stated that his present plans were for the setting of the case the last week in May, probably May 27, as he desired to get a number of the cases on the docket disposed of before this case is taken up.

Adams, Bartlett rancher, was

tried in connection with the fatal shooting of Orville Mathews, Dallas bank employee, Sept. 1 over the outcome of the Mayfield-Connolly snortimonial contest last summer. The jury was unable to agree on a verdict in the trial held recently before District Judge Chas. A. Pipkin in Dallas county. The change of venue was granted due to the widespread newspaper publicity the trial received there.

Commissioners' Court.

The regular bi-monthly meeting of the Navarro county commissioners' court was held Monday morning with all members of the court present.

Miss Mattie Wilroy, Navarro county commissioner, appeared before the court and read her report of work for the month of March and outlined the plans for the work of her department until July 1. Her attention will be made to gardening, canning, vegetable show, poultry, etc.

Guy M. Gibson and F. N. Drane appeared before the court and requested that the court pay for the treatment of eight negroes on their farm for the Pasture treatment in the prevention of rabies. The eight negroes were bitten by a dog and the examination of the dog's head showed rabies. The negroes are being treated at a local hospital and the cost will be \$312.

Messrs. Drane and Gibson are furnishing the conveyance to Corsicana daily for the treatments. No definite action was taken on the matter at the morning session of the court.

Messrs. Drane and Gibson also requested the court to provide a bridge across Richland creek near Winkler in the place where a bridge washed away several years ago. It was pointed out that those people in that vicinity were forced to travel 16 miles to cross the creek and get back. Commissioners Guy and Sawyer intimated they would give the relief asked for.

Charles C. Jester, advised the court that probably within a few days a purchaser for the Purdon District No. 2 good roads bonds would be secured. The Purdon District No. 2 good roads bonds are for \$300,000 and are to construct roads from the western extremity of Consolidated Road District No. 1 to Richland creek, three miles east of Dawson via Furlong.

Flunks were allowed except as noted on the claim docket. A number of bids for road machinery and equipment were due to be opened Monday afternoon. The court was expected to be in session all day Monday.

Sheriff's Office.

Earl Cleveland received a knife wound in the hip and Bud Brad-dock was arrested and charged by complaint with aggravated assault in connection with an altercation in the Rice community Saturday night about 11 o'clock. The arrest was made by Deputy Sheriff Alton Bradley of Rice and complaint against Brad-dock was filed in Judge S. B. Jordan's court. Bond in the sum of \$350 was made. Cleveland is not thought to be seriously injured.

DEATH REMOVES ANOTHER OF WORLD WAR FIGURES; REVOLTS IN CHINA MEXICO NEARING END

BY SAVINGTON CRAMPTON,

Cable Editor, the Associated Press

Death's work among the important figures of the war period continued in France when Ambassador Myron T. Herrick died March 31, barely a week after the passing of Marshal Foch.

The ambassador was honored with extraordinary tributes by the French, and the French cruiser Tourville took his body on board at Brest to bring it to New York.

Serious was disturbances which have troubled two quarters of the globe reached a crisis during the week and seemed to be nearing their end.

In China, the Kwantung party at Nanking vanquished the first serious revolt it has had to face and President Chiang Kai-Shek occupied Hankow after complete collapse of the army led by the Kwangsi group of military leaders.

Federal armies in Mexico brought their campaign against insurgents to a climax and defeated the enemy on two fronts.

At Paris, financial experts were more optimistic over prospects for a rapid settlement of German reparations. Le Matin declared the difference between allied demands and German offers on annuities had dropped from \$125,000,000 at the beginning of the week to \$75,000,000 at its close.

Two cabinet crises threatened the peace of Central Europe and fascism bulked large in both. In Austria, Monsignor Seipel, head of the government, resigned to facilitate an agreement between the right-wing Christian democrats and the left-wing social democrats. The fascist "Heimwehr" organization made known it would fight this union.

Premier Bartels of Poland announced his intention of resigning on account of fatigue and ill-health. It was supposed, however, he was out of sympathy with Marshal Pilsudski's policies.

One of the luncheons which sometimes have far-reaching consequences united Sir Austen Chamberlain, British foreign secretary, and Premier Mussolini, while both were taking an Easter vacation not far from Florence, Italy. It was announced the policies of their countries on European questions were found to be in harmony.

Experts in sugar production and distribution met at Geneva in an international conference to study the world's sugar trade and provide methods against trade depression. Results of their deliberations will be presented to the economic committee of the league of nations.

WALTON'S

HOME HAPPINESS

T. H. WESTBROOK
President National Insurance Union of America.

The bungalow nestled snugly behind flowering shrubbery, cool, comfortable, delightful to the eye. Inside, furnishings de luxe that both please and harmonize. An atmosphere of hominess created by the wife and babe who watch of late evenings as the sun sinks behind western skies for the coming of dad.

Dream-like, this! All intended to create home happiness, to bring about that serene contentment that is the goal of men.

Dad anticipates the joy of coming home to the arms that wait for him. Throughout the day, often fraught with worry and hardships, he in off moments dreams of this homecoming, a nightfall, and this thought serves to compensate for the grind of the day's work.

But is dad's mind always free in a sense of security as he turns his steps homeward? Is he assured that his loved ones should some misfortune befall him, will continue to live in a degree of comfort? Or is he haunted with a fear that the sledding will be rough for them?

Of this the man who thinks of home happiness in its fullest sense is concerned.

Home happiness does not come alone of the ownership of a cozy love nest, of the luxury of an automobile, of good health and a secure business. These are all material things, passing in their permanence. Overnight the most successful have failed, the most healthful have broken, never to again take the field. Unexpectedly these misfortunes, turning the bright and cherry into the bleak and drab.

A word to those who would make for home happiness that is permanent, that is lasting.

Every family head can—and millions of them are doing so—provide for a home happiness that is complete. Life insurance has made this possible. To be insured is to be secure in the knowledge he has provided for his loved ones after his day. He turns homeward evenings happy in this thought. His mind is free from the less thoughtful ones. He is more efficient, mentally.

More than ever in the past men are coming to the realization of the importance of life insurance. They are buying for protection, for investment. It is coming to be thought of in terms of something one cannot afford to be without. It brings contentment.

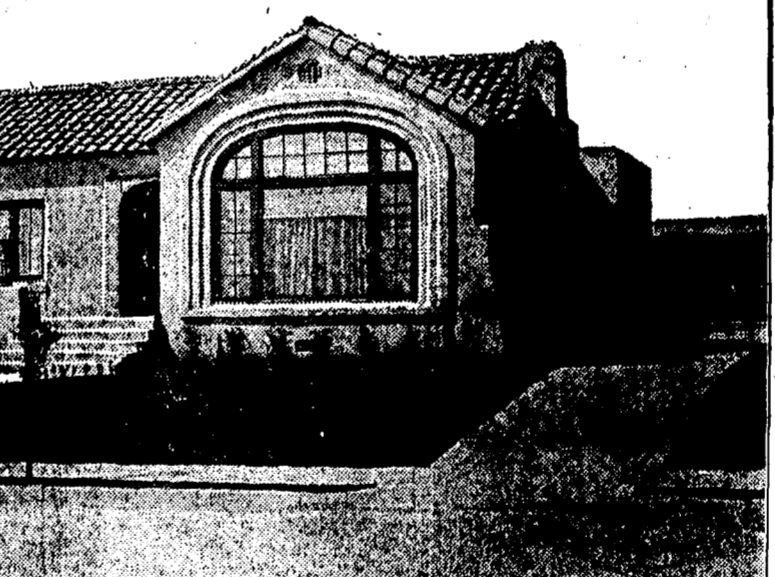

The time to start, if not a policy holder, is today. Procrastination costs dearly. Each added year makes the premiums come higher and adds to the possibility of failure to qualify due to health disorders.

Take the one and only road that leads to home happiness that is complete and lasting!

NEW POOL MAY BE OPENED IN PERMIAN BASIN DISTRICT

FORT WORTH, April 8.—(AP)—Prospect of the opening of a new

Picturesque Bungalow Interestingly Planned

LARGE WINDOW A UNIQUE FEATURE

Pleasing touches of mission architecture in the lines of this bungalow easily identify its California origin. It departs from the ordinary, however, with the large arched front window, affording an abundance of light in the living room.

Portland cement stucco has been effectively used to produce the charm of the appearance of the bungalow and combined with a concrete tile roof, its permanence and fire relative qualities are assured.

Every requirement of the medium-sized family is satisfied here on a single floor. The rooms are well proportioned, the spacious living room being especially attractive with its open fireplace. A wide arched window leads into the dining room. The convenient kitchen has a snug breakfast nook and built-in refrigerator, while the enclosed rear porch may be equipped for laundry purposes.

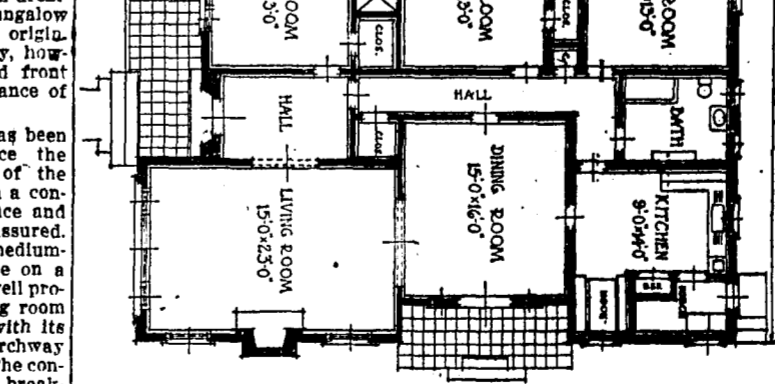

The master's bed chamber, facing the street, has a private shower, equipped bath, while the other two large bedrooms are convenient to

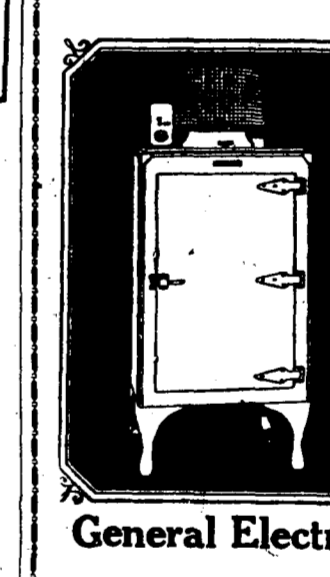

the large bathroom in the rear of the house. Each bedroom has an extra large clothes closet.

A lot fifty feet wide will provide ample space upon which to build this

home and allow for the building of a concrete driveway to the garage in the rear, as was done at San Diego, Cal., where the above photograph was taken.

C. H. Salyers, Architect, San Diego, Calif.

ASSURANCE GIVEN NOTHING DEFINITE IN HOME MOVING

REPRESENTATIVE GROUP OF CORSICANA CITIZENS CON- FER ODD FELLOWS BOARD

A representative group of citizens and local Odd Fellows conferred with Barry Miller, lieutenant-governor of Texas and grand master of Texas Grand Lodge of Odd Fellows at the I. O. O. F. Home Sunday afternoon with reference to the rumors in some quarters that the grand lodge was contemplating the moving of the Home from Corsicana and the proposed sale of the properties to the state as an addition to the present State Orphan's Home.

Grand Master Miller assured the committee that there was nothing definite at the present time concerning the proposed move and that the citizens of Corsicana need not be alarmed at the present as the only thing tangible done was the authorization of the appointment of a committee to confer with the board of control with reference to negotiations for the sale of the property. Before anything definite could be done, it was pointed out that it would be necessary for the state board of control to be "sold" on the idea and then the Texas legislature be "sold" on the idea as well as the Grand Lodge of Texas on the proposition.

Grand Master Miller said that in some quarters of Texas Odd Fellows there was a desire to move the Home to a place between Dallas and Fort Worth where the order would receive more advertisement as more people would see it on the Dallas-Fort Worth highway than here. The question of securing city water was also brought out in the discussion. It being stated that the necessary water was not available at present. Will Thompson, city water commissioner, advised the grand master that the negotiations were held up for several months with the state of Texas when the line was made to the State Home giving the Odd Fellows a chance to come in on the deal, but that the Odd Fellows declined and the line was put down by the state. City officials present, however, advised the grand master that any trade that the Odd Fellows might make with the state in the securing of water would be all right with the city of Corsicana.

Another thing put forward was the fact that it was stated in many quarters that the citizenship of Corsicana did not take the proper interest in the Home. To this, W. A. Tarver, W. T. Parker and E. A. Johnson outlined the things done by Corsicana and Corsicana Lodge No. 63, I. O. O. F. Among the things brought to the attention of Mr. Miller was that the local Odd Fellows and the citizens of Corsicana donated the site on which the Home was located and that in the early years of the existence of the Home when the grand lodge was unable financially to take care of the Home, that the local lodge and E. A. Johnson, the late Bank Sutherland and others contributed money for the operation of the Home and that the local lodge had always contributed hundreds of dollars annually toward the Home. W. T. Parker made the assertion: "Corsicana Lodge No. 63 has done more for the Home than any other five lodges in Texas."

The committee were assured that there was no cause for immediate alarm and the committee advised Grand Master Miller that if anything within reason was desired at the hands of Corsicana or the local lodge that they could be counted on. W. A. Tarver, spokesman of the committee, stated that the main thing to be considered should be the welfare of the children and referred to the institution which had been here for 40 years and that had become a part of Corsicana and which was and always had been associated with the name of Corsicana.

CORSICANA PUBLIC LIBRARY STATISTICS PROVE PEOPLE READING MORE EACH YEAR

The fact that the people of Corsicana and Navarro county at large are reading more every year is shown by the steady increase that has been made in the number of books issued by the Corsicana public library since it opened in January 1906. Mrs. Mattie Houston, librarian said. Last fiscal year showed an increase of 11,000 books issued over the year before. The total number of books issued last year was 79,000.

It is not only the school children who use the library, as one would expect, but the patrons range from the ages of three to ninety years. Children under the school age are not permitted to take books out in their own names but they may get them on their parents' cards. It is also interesting to note that it is not only the people of Corsicana who use the library and reading room, but many patrons live in the rural communities.

Students and teachers of the Corsicana public schools read more fiction than reference books since the school libraries are well equipped in books of the latter nature.

As a general rule, fiction is far more popular than other types of reading. Biographies and books of travel rank next to fiction in popularity. Richard Halliburton's "Road to Romance" and "The

Home were in session here Sunday afternoon. Some of the members of the board arrived in Corsicana Saturday and some of them remained over until Monday.

Grand Master Miller was met at the station just before noon when he arrived here by the I. O. O. F. Home band.

Among the visiting Odd Fellows here were Barry Miller, grand master, Dallas; B. I. Jordan, Paris; W. H. Wray, Dallas, member of the board of trustees; E. Q. Vestal, Dallas, grand secretary; L. L. Lindsey, Forney, secretary of the board of trustees; W. R. Francis, Fort Worth, vice chairman of the board; J. O. Ward, Mercedes, member of the board of trustees; C. P. Masters, Pecan Gap, member of the board of trustees; H. J. Emmons, Dallas, sovereign grand lodge representative; Mrs. May Hatcher James, Dallas, treasurer, Rebekah Assembly; J. K. Sachse, Sachse, Texas, chairman of the board of trustees; Mrs. Maggie Jordan, Paris, warden, Rebekah Assembly; J. T. Cowley, noble grand, Paris lodge; Mrs. J. T. Cowley, Paris.

Among the members of the local committee which conferred with Grand Master Miller were John C. Hughes, chairman; W. A. Tarver, spokesman; Charles G. Jester, J. N. Edens, W. Pat Brown, J. M. Dyer, Sr., H. E. Smalling, Max D. Almond, J. E. Butler, E. A. Johnson, former grand master of Texas; W. T. Parker, A. G. Elliott, Lloyd Wheelock, Will Thompson, W. F. Thayer, and Mayor John S. Murchison.

MEXICAN REBELS TURN LOYAL AND CAPTURE OJINAGA

PRESIDIO, April 8.—Mexican rebels turned suddenly loyal held Ojinaga, Mexico across the border from here today after killing the insurgent commander and routing their former comrades.

The sudden assassination of Lt. Col. Raul Cardenas, rebel commander, signaled the uprising, which ended after a two-hour skirmish. Captain Quintanilla, one of Cardenas' officers, was reported slain, and two men, whose affiliations were not learned, were wounded.

Many bullets fell on the American side with no damage or injuries. As soon as rifles cracked around the customs house, where the engagement started, United States cavalrymen drew up on this side of the river, protecting Americans by keeping them out of the danger zone.

Meanwhile, Texans looked with a speculative eye toward Del Rio, the United States neighbor to Villa Acuna, Mexico, on which a rebel cavalry detachment was reported moving.

Chesapeake Buys Control Interest in Pere Marquette

WASHINGTON, April 8.—The Chesapeake & Ohio Railway obtained permission Saturday from interstate commerce commission to purchase from the Nickel Plate railroad controlling stock of the Pere Marquette system and to finance the transaction by issuing 300,000 shares of its new common stock to stockholders at par.

COMMON PIPE AND STILL IN EASTERN NAVARRO CONSPIRE TO IMPLICATE NEAR RESIDENT

If you smoke a pipe, don't leave it about a still!

E. W. Warnell, deputy constable relates quite an interesting occurrence which was enacted in the eastern portion of Navarro county in the vicinity of Trinity River a couple of days ago, when he and a Federal prohibition agent found a still.

The two officers had hunted about in the bottom for some time before they located the still. The still was not in operation and no one was about and all indications pointed to the fact that it had not been in operation for several months.

There was a house about a half mile from the still and while looking about and destroying the instrument for the making of corn whiskey. Mr. Warnell found a common pipe. After wrecking the still, the two officers went to the house and subjected the resident there to a grilling concerning the still, etc., but he stoutly maintained he did not know anything about it. Mr. Warnell walked around the house and then came back and asked the man under questioning if that was his pipe.

"Sure, that's mine. I lost it a good while ago," Mr. Warnell quoted the man as saying. "Where did you find it?"

"Down yonder at that still we have been talking about," was the reply.

Mr. Warnell stated that the man

was crestfallen and considerably shaken up, but never admitted it was his still, although the pipe was his. Federal operative did not take the man with him, but told him that he might be back.

CHARTING COURSES in Texas Growth

BENEATH, back of and interwoven into every constructive development in Texas is the expansion of electric power service. The careful charting of courses in electric power production and distribution literally opens the way for new courses of growth in every phase of Texas life.

Strong, aggressive and farsighted building of electric power facilities is vital to the economic welfare of Texas people.

The Texas Power & Light Company understands the significance of the responsibility which it bears to the people of the many Texas cities and towns which it serves. The ability of these cities and towns to grow industrially, commercially and socially as real metropolitan centers for their surrounding territories, depends in a large measure upon the character of the electric power service which this Company renders.

The Texas Power & Light Company was the first institution of its kind to sense the inseparable part which electric power was to play in the charted development of Texas. Not for a single instant has this Company wavered from its foundational ideal of rugged and dependable service. As a result of this inspiring constancy to a great program of dependable expansion the Texas cities and towns served by the Texas Power & Light Company not only have unexcelled electric service, but are recognized as outstanding leaders in civic and community building.

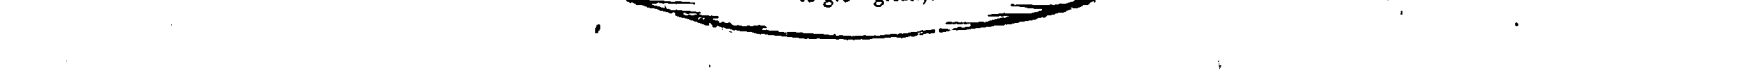

The record of the performance and expansion of this Company over a period of sixteen years, together with the growth and development of the cities and towns which it serves is unimpeachable evidence of the economic soundness of electric power production and distribution which it initiated in Texas. This Company produces electricity in large, centrally located generating stations and distributes it by means of high tension power lines to a large number of Texas cities and towns. This gives flexibility of operation which meets unusual demands for electric power quickly and without burdensome capital investments. It makes for greater dependability in that it brings to cities and towns served more than one source of power. It makes for economy of operation and brings to the small community the same high type of engineering skill and executive management that is usually found only in great cities.

So, the Texas Power & Light Company cherishes a great pride in the courses of sound and constructive development in the charting of which it has played such an inspiring and helpful part. Today finds this Company charting courses for the Texas of tomorrow, and to this magnificent task it brings a deep understanding of the needs, desires, ambitions and dreams of Texas people, and dedicates its diversified resources to their service.

TEXAS POWER & LIGHT COMPANY

Providing for the Texas of today — Planning for the Texas of tomorrow

IT IS INTERESTING to note that the greater American cities are supplied with electric power by privately owned and operated power and light companies. Experience over long periods of years has proven that private ownership makes for greater efficiencies and economies. These cities are capable of having the best of utility services, and their experience might well point the way for communities with the ambition to grow greatly.

AIRPORT HANGAR IS REPORTED COMPLETE AND READY FOR USE

CHARLES PEDLEY EXPECTED PAY LOCAL AIRPORT OVER-NIGHT VISIT SOON

Final completion of the \$6,000 hangar at the Municipal airport was announced Friday morning, and H. J. Nichols, manager of the flying field, asserted that the building was now ready for use. Work on the grounds is progressing rapidly and sodding is expected to start early next week. Actual construction of the hangar was completed several days ago but the concrete floor has only recently been finished and put in

condition to be used. With the exception of painting the building now presents its final appearance. Charles Pedley, manager for the Texas Air Transport training school and flying field at Love Field, Dallas, is expected to pay the new field an overnight visit within the near future, to personally inspect the field and complete his plans for carrying for the various entertainment features that will be provided. Pedley and Mr. Nichols will be field captains for the aerial program being arranged by Silliman Evans, vice president of the Texas Air Transport.

A letter was received Friday from Major General J. L. Fehet, chief of the army air service, expressing his regret that official duties would prevent his attending the airport opening on April 27-28. Chairman W. C. Stroube was in communication with the commanding officer of Kelly Field, San Antonio, during the week and was assured that the army would be represented at the formal opening

and dedication of the municipal port. Every effort is being made and every detail receiving attention in connection with the opening. Various officials have pointed out that while many cities have been opening airports recently, few of them are little more than emergency landing fields, and very few have first-class hangars. The hangar on the Corsicana flying field is the latest development in airship housing and will rank with the best in the country.

CARD OF THANKS.
We wish to express our deep appreciation to our friends and neighbors for the many kind things done for us, and gratitude for the comfort of their friendship and sympathy in our recent bereavement. The floral offerings were beautiful and in their silent loveliness were a loving tribute to our dear husband and father.

FORMER CORSICANA MAN LOSES AUTO IN MEXIA WEDNESDAY

Car thieves, sometime between 8 o'clock and 8:45 o'clock Wednesday night, stole the 1927 Oakland sedan of R. C. Estes, drove it to the vicinity of the New Hope community, drove it off a 20-foot embankment, and set it afire. The car was a total loss.
Mr. Estes had driven up town to work at the Estes store, parking his car on the east side of the Stuart Auto Supply company. He came out of the store at 8:45 o'clock and found the car gone. Police were notified and a search started, which resulted in the car being found burned.
It was not known whether the thief or thieves had gone over the

embankment with the car, or had fired it after running the car off the bank. There was nothing missing from the car, showing that it was not stripped before burning. —Mexia News.

Odd Fellows Home Boys Have Display In Manual Training

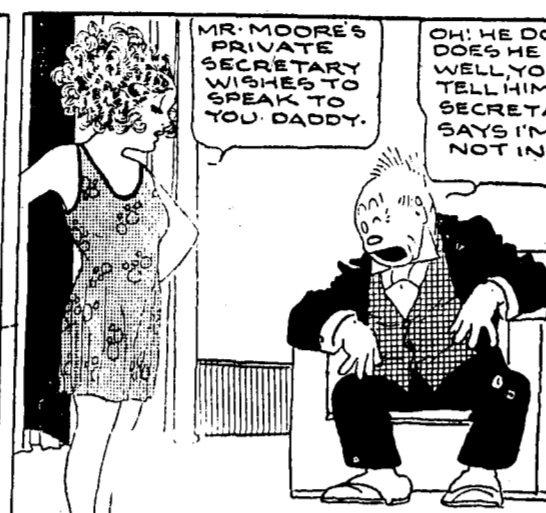

An exceptional display of articles built by the boys of the manual training department of the I. O. O. F. Home is on display in the show window of the C. A. Tripp hardware store.
The display includes telephone tables, magazine racks, waste baskets, sewing stands and tables, foot stools, writing desks with upholstered chairs, and inlaid plaques. Some of the work is hand carved, and finished in various colors and designs.
The articles are for sale and the proceeds will go to the boys who built them.

ANOTHER SOLDIER MAKING SUPREME SACRIFICE FOUND

Thomas Park Bromley was another Navarro county boy who gave his life in the World War. He enlisted at Blooming Grove, trained at Camp Travis, went overseas and was in the front line trenches 101 days. He was gassed in action and later developed tuberculosis, and died soon after reaching home.
His name was submitted by his mother, Mrs. Georgia Bromley of Frost.

NORWEGIAN SHIP HALTED BY SHOTS COAST GUARD BOAT

**ACTION TAKEN BECAUSE AL-
LEGED STEAMERS WERE
UNLOADING LIQUOR**

WASHINGTON, April 8.—(U)—Assistant Secretary Lowman said today that the Norwegian steamship, Juan, halted by shots from a coast guard patrol boat in Chesapeake Bay Friday night, was stopped because the coast guard had information that steamships from the West Indies were landing liquor in the bay before docking in Baltimore.

He added the law made it mandatory for the coast guard to take such action.

Mr. Lowman, after a full report of the incident had been received by coast guard headquarters, said it would be regarded as a closed case unless complaint was received.

He drew attention to statistics which gave the coast guard full power to stop and board vessels without four leagues of the coast, using force if necessary.

Chief Boatwain Mikkelsen, who commanded the patrol boat, reported the Juan, of Oslo, Norway, to halt by running up a code flag, but he fired blank shot, and when he did not comply he fired a "sharp shot." As she still failed to heave to, he fired three more shots, the last one landing about 1200 feet from the vessel, after which she heaved to. Two of his crew boarded the Juan and searched her. They found no contraband, he said, or any violation of the law.

Norwegian Minister Backe today requested the Norwegian consul general in New York to forward full details of the incident.

Assembling Facts.
BALTIMORE, April 8.—(U)—Statements of Paul Kesterson, pilot and Captain Karl Anderson, master of the Norwegian fruit steamer Juan, relative to shots fired by a coast guard boat as the Juan sailed up Chesapeake bay last Friday were assembled today by F. M. Cloud, Norwegian vice-consul here.

Captain Anderson, whose ship sailed yesterday, said he would put his statement in writing and mail it to the vice-consul from Norfolk. When he receives this Mr. Cloud said he would forward both statements to Consul General Hans Fay in New York.

LINER LEVIATHAN PASSES FROM U. S. CONTROL MONDAY

NEW YORK, April 8.—(U)—On the seventh anniversary of her last sailing as a military transport, the U. S. S. Leviathan, which carried many thousands of American doughboys safely to France in 1917, and 1918, passed today out of the control of the United States government.

At a formal ceremony aboard the giant liner, as she lay at her dock in North River, a deed and check for \$4,000,000 were exchanged, whereby the flagship and 10 other vessels of the United States Shipping Board and the American Merchant Lines became the property of the U. S. Lines, Inc., of which Paul W. Chapman is head.

REVOLTERS DENY CHIHUAHUA WILL BE LEFT TO FEDERALS WITHOUT MORE RESISTANCE

JUAREZ, Chihuahua, Mexico, April 8.—(U)—Rebel forces were believed to be making every effort to reach Santa Grande today through Pulpito Pass before federal Gen. P. Elias Calles cuts off the southward advance of the revolutionary troops.

Six heavily loaded rebel troop trains that left here Sunday were reported to have passed through Guzman, Chihuahua, 30 miles from Columbus, N. M., several hours later.

Two American cattlemen forced the rebel garrison at Palomas, Chihuahua, last night to evacuate the city. Col. Fernandez Gonzalez, in charge of Palomas, surrendered his 60 men to Frank Williams of San Pedro, Chihuahua, and Gerald Thompson of Santa Rosa, N. M., who represented the Mexican federalists. How the Americans came to be aligned with the federal forces was not learned.

CORSICANA SURVEY SHOWS BUSINESS IS EXCELLENT HERE

**BUSINESS CENSUS BUREAU
REPRESENTATIVE SURPRISED
AT GOOD SHOWING**

W. W. Crowe, representative of the Business Census Bureau of Cincinnati, has completed a business survey of Corsicana and in an interview Monday morning stated that business conditions in Corsicana were far above the average for a town anything like this size.

He also said that business conditions were good in the entire southwest, and that employment conditions were far ahead of the employment situation in the north and east. He attributed the good employment situation to the diversity of industries in this section of the country and the steady growth this section was enjoying.

His company is making a survey in twenty-eight states and towns in every state included in the survey are compared.

In comparing Corsicana with the other towns in Texas, Mr. Crowe said that unemployment here was lower than any other with the exception of Marshall and that they were about the same.

His estimate of the population of Corsicana exceeded the estimate given him by the chamber of commerce. His estimate was based upon a careful survey and the population was placed at 21,800.

General business conditions were included in the survey but special emphasis was placed on the number of automobile owners as this was one of the special reason for

The rebels deny Chihuahua will be left to the federalists without resistance. Rebel leaders pointed out that Gen. Marcelino Caraveo had been left at Chihuahua City with about 4,000 troops to stay the federal advance while Gen. Escobar joins other rebels in Sonora. It is stated one of the first steps will be a concentrated attack by the rebels on Naco, Sonora.

Another rebel move reported under way calls for an attack on Villa Acuna, across the border from Del Rio, Texas. A large rebel cavalry contingent, led by Generals Antonio T. Villarreal, Raul Medero and Cesario Castro is reported on its way to Villa Acuna. If this city is taken, the three generals are to return to Chihuahua City, to rejoin General Caraveo in a proposed concerted action against the government command.

Attractive Root Beer Shop Opened

Phillip Sheets has opened the A. and M. Root Beer Shop just east of the Ideal theatre on West Fifth avenue. A full line of candies, cigars, cigarettes, magazines, etc., is carried in addition to the root beer concessions.

The shop was opened Saturday. Mr. Sheets is well-known here, having been reared in Corsicana. He has been in Houston for several months prior to returning to Corsicana.

the survey. The survey showed that 6.1 out of ten families in Corsicana owned an automobile which is just about the average for Texas. Nineteen per cent of the car owners owned two cars and 5.8 per cent owned three or more cars. The per cent owning three or more cars was the highest in the entire list of towns included in the survey, so far with the exception of Asheville, North Carolina, which had only a slight advantage.

When talking of the number of retired men owning automobiles Mr. Crowe made inquiry as to whether or not this was a winter resort, as he was surprised at the number of wealthy men who had retired from business. He said that there were only a few of the winter resort towns that had such a large per cent of wealthy men.

Cane Seed Higher

Have just unloaded 2 cars more of Double Recleaned Texas Red Top—all cane seed, has made a material advance the past 10 days. We advise buying now. We have none that germinate less than 90 per cent, all sacked in cotton bags. Also have Black Amber, Kansas Red Top and most any kind of field seed you will want. Have Spanish Cleaned and Field Peas. HOOD CHENEY GRO. CO.

Prescription Headquarters

Bring your prescriptions here for careful and accurate compounding. We exert every effort to fully comply with your physician's orders, with the very freshest drugs and chemicals.

EXCELLENT RAIN FELL HERE EARLY MONDAY MORNING

**RAIN ALSO REPORTED FROM
OVER COUNTY AND MANY
PARTS OF STATE**

A strong wind and considerable lightning accompanied the rain which fell here about 3 o'clock Monday morning. No damage from the wind or lightning was reported here or from any section of the county.

The rainfall here was .58 of an inch, according to the government gauge, and reports from all sections of the county indicate that about that amount fell over the county.

Among the towns and communities reporting were, Embouse, Barry, Blooming Grove, Frost, Purdon, Dawson, Richland, Powell, Kerepe, Roane, Chatfield, Rice and others.

Rain and Wind at San Antonio.
SAN ANTONIO, April 8.—(U)—An electrical storm which split trees and a blisk wind visited San Antonio today. Rain began falling about 1 a. m., and continued throughout the morning.

Stations from San Antonio to Del Rio reported moderate to heavy rainfall, with 1.12 inches at Del Rio as the heaviest.

Central Texas Drenched.
AUSTIN, April 8.—(U)—Central Texas within a 50-mile radius of Austin, was drenched by a heavy rain, accompanied by high wind and an electrical display early today. The precipitation locally was .71 inch.

West Texas Gets Rain.
SAN ANGELO, April 8.—(U)—Early crops and the range were

Giant Aircraft Corporation to Be Formed Soon

NEW YORK, April 8.—(U)—Wall Street heard today that the organization of a new \$140,000,000 aviation accessory corporation to unite the aviation interests of several big companies was to be announced soon. It will take the form of a holding company which will own the Bendix corporation, Stromberg Carburetor company of America, Scintilla Magneto company and a new corporation now being formed to take over developments of Delco Remy, a General Motors subsidiary making aircraft appliances.

The nucleus of the proposed organization, it is understood, will be the Bendix corporation. General Motors will hold 25 percent of the new company's stock.

The undertaking will involve no public financing, as it is proposed to acquire the individual units through an exchange of stock.

Stock of the Bendix corporation will be split, the reports said, on a 2 for 1 basis, stockholders retaining one share in the present corporation and exchanging the other share for one in the new company.

The Stromberg company will be acquired on the basis of one and one-fifth shares of the new company for each share of Stromberg.

benefitted by a half inch rain that fell in the San Angelo district yesterday. The season for spring planting, already good, was further improved by the moisture, they said. Hail, but no damage, was reported in some places.

NEW STORY MAY BE HEARD WOMAN EVANGELIST CASE

**IMPEACHMENT TRIAL OF LOS
ANGELES JUDGE MAY BRING
OUT INTERESTING FACTS**

SACRAMENTO, April 8.—(U)—Whether the state senate, sitting as a court of impeachment would hear a new story of the mysterious disappearance of Almee Semple McPherson as incidental evidence in the trial of Superior Judge Carlos S. Hardy of Los Angeles was the chief topic in the cloakrooms today, the opening date of the jurist's case.

Judge Hardy was ordered to appear in answer to four impeachment charges. Foremost among these was one that he acted as attorney for Mrs. McPherson and her mother, Mrs. Minnie Kennedy, during the investigation of the evangelist's kidnapping story two years ago. The evangelist and her mother were held in conspiracy charges but never were brought to trial.

The state charged Mrs. McPherson had told a false story to the grand jury and in reality she had been in the company of her radio operator, Kenneth G. Ormiston, at Carmel, Calif.

Another charge against Judge Hardy was that he obstructed justice by attempting to vindicate Mrs. McPherson's story after he had obtained reliable information that her assertions about being kidnapped were untrue.

Judge Hardy admitted receiving \$2500 from Mrs. McPherson and shortly afterwards was ousted from membership in the American Bar association. Both Judge Hardy

and Mrs. McPherson, maintain this was a "love offering" and was not given or taken for legal services. The jurist already has pleaded not guilty.

**JURY FAILS TO AGREE—
NACOGDOCHES, April 8.—(U)—
A hung jury resulted here today in the case of Frank Husband, charged with killing Bryon Henson here last December.**

Welcome Council Jewish Women

It is our pleasure to welcome the delegates to the ninth annual Texas State Conference of the Council of Jewish Women.

May your deliberations in our city be productive of worth-while results.
